

Experiment 2

File Viewing Commands

Aim

To execute and understand the usage of **less**, **more** and **vi** commands.

Theory

less Command

Displays file contents page by page.

less filename.txt

more Command

Displays file contents one screen at a time.

more filename.txt

vi Command

Text editor used to create and edit files.

vi filename.txt

Procedure

1. Create a text file.
2. Open the file using less.
3. Open the file using more.
4. Edit the file using vi.

Result

Successfully executed file viewing and editing commands.
